

REALM OF POSSIBILITIES

Shake off your inhibitions, open yourself to new ideas and get comfortable with your creativity.

Designed by Ellis Jones with help from our collaborators, the Realm of Possibilities extends across 120 square meters, using a mix of re-purposed found objects and new technology.

We've installed lighting, sound, facilitation tools, and collapsible work stations into a highly versatile space.

What might you do once you enter the Realm?

3a Glasshouse Road,
Collingwood, Vic 3066
